

THE AIRSTREAM 190 MOTORHOME

The Airstream 190 is truly the

all-purpose RV for today's demanding lifestyles: it's a deluxe 19' motorhome, a spacious second car, and a powerful tow vehicle all in one. Full interior headroom, a complete kitchen and bath, and sleeping accommodations for four mean your family can travel in comfort and security on week-end trips or extended tours. And, just like a full-sized motorhome, your interest payment may be tax deductible. Best of all, it's handcrafted by Airstream, so you know you're getting the quality and value that have made Airstream a legend for over 60 years.

Warning: This information is intended as a guide only. Weights of individual vehicles may vary. Consult your Owner's manual for complete loading, weighing & towing instructions.

Since Airstream constantly strives to improve its product, all specifications are subject to change without notice.

Vehicle Loading—Every effort has been made to provide the greatest number of options for the motorhome owner. Along with these choices comes the responsibility to manage the loads that are imposed by the choices so that they remain within the manufacturer's specified chassis weight limits. Do not overload the motorhome.

Dry weights based on standard features; optional equipment not included. Carrying capacity determined by subtracting dry gross weight from GVWR and includes fluids, options and cargo. Liquid capacities and weights are approximations only.

This brochure is printed on recycled paper as part of Thor's corporate effort to minimize waste and conserve our natural resources. Providing safe, fuel efficient recreational vehicles is Thor's way of further demonstrating our role as the industry leader in safeguarding our nation's environment.
